

6 WAYS TO VIDEO CONFERENCE LIKE A BOSS

**1**

Use your smartphone

Impress everyone with your technical prowess

Pair your Android or Apple device with the video conferencing system for control instead of fighting with the remote.

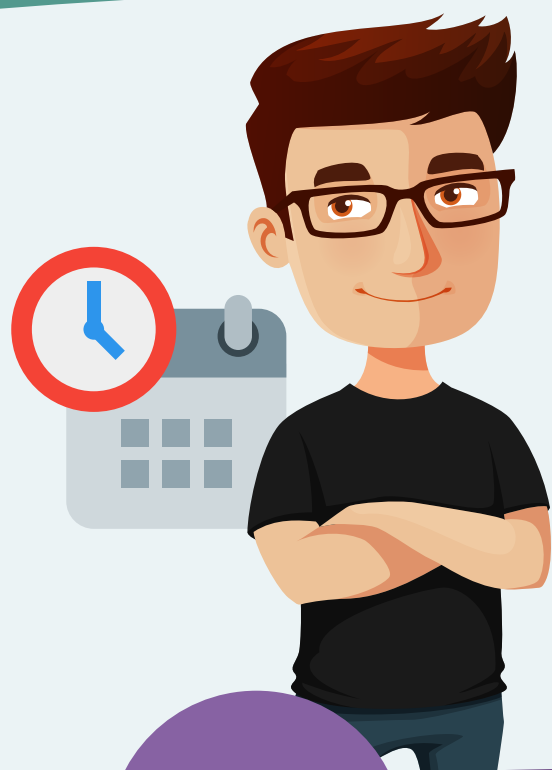

Exude confidence

2

Act like the smartest person in the room

Don't fumble around looking for the number to dial.

Polycom Concierge scours your personal calendar and displays meetings. One click brings the room system into the meeting.

**3**

Be in control

Set the mood

Mute the room or adjust the volume to your heart's content right from your smartphone or laptop.

Sit back and critique

4

Call out details

Examine data on complex financial slides with the ability to see presentations, documents and videos up close on your laptop.

**5**

Show off your brilliance

Let's brainstorm to find synergistic solutions that move the needle

Use a virtual whiteboard for interactive brainstorming across the globe that you can share with teams later.

Don't take &@! from anyone

6

Silence disrupting behaviors

Mute or remove noisy participants with Polycom Concierge, so productivity never stops.
